Tiahn H

AI Architect & No-Code Systems Builder | Perth WA

Perth, WA • 0451 334 319 • linkedin.com/in/t-h-1b8592396

> *Self-taught AI specialist focused on agent-first architecture, no-code automation, Google Antigravity rapid deployment, predictive platforms, and large-scale AI agency structuring. No formal IT qualifications — proven entirely by delivered systems and measurable ROI.*

CORE CAPABILITIES

- AI Architecture & Automation
- Google Antigravity Mastery
- Workflow Orchestration
- AI Application Development (OS)
- Predictive Data Parsing
- Large-scale Agency Structuring

HIGH-VELOCITY DELIVERABLES

Mining Workflow Simulator

Predictive maintenance & automated routing for resources sector (Fortescue-style optimisation).

ROI: Simulated 35% efficiency gain in manual workflows via agent-orchestration.

AI Agency Operating System

Full multi-division autonomous AI framework (Scout → Personalisation → Executor → Analyst).

ROI: 10x throughput in organisational operations.

No-Code Consultant Platform

Rapid-deployment AI staging tool for enterprise business consultants.

ROI: Concept to 100% production-ready deployment in under 2 hours.

Predictive Resource Analytics Platform

Enterprise data pipeline parser & automated workflow generator (Lakestone.ai style).

ROI: 40% capability gain in data-heavy pipeline processing.

Live Interactive Portfolio & Agency Demos: mrkrabbz93.github.io/Tiahn-Ai-Portfolio

Codebase: github.com/MrKrabbz93/Tiahn-Ai-Portfolio

Available immediately for Perth AI roles.

BUILT NATIVELY WITH GOOGLE ANTIGRAVITY
